

BEST-TEST® ADHESIVES

Speedball.

Since “it all started with a little red can in 1919”, fine and commercial artists, educators, crafters and designers have relied on the premium quality of Best-Test® Products. Best-Test is known world-wide for its premium, acid-free Paper Cement and Bestine®.

1 BEST-TEST® PAPER CEMENT

Since 1923, Best-Test® Paper Cement has been made in only one way – with a specially-blended and treated formula that uses premium white rubber imported from the Far East. Best-Test Paper Cement is the overwhelming choice of commercial and fine artists, crafters and teachers. Unlike multi-purpose glues, Best-Test Paper Cement will not shrink or wrinkle the paper when adhering. It’s a true adhesive and dries quickly and clear. Easy to apply and easy to clean up! Ideal for mounting, paper crafts, and scrapbooking. Acid-free.

	SIZE	
#138	4 oz / 118 ML	Brush-in-Cap Paper Cement
#139	8 oz / 236 ML	Brush-in-Cap Paper Cement
#101	16 oz / 473 ML	Can Paper Cement
#102	32 oz / 946 ML	Can Paper Cement
#103	1 GAL / 3.78 L	Can Paper Cement

2 BEST-TEST® RUBBER CEMENT

Best-Test® Rubber Cement is an economical alternative to Best-Test Paper Cement and is specially formulated for office and school use. Use for bonding of paper and paper products. Perfect for mounting, collage, scrapbooking and more. Best-Test Rubber Cement will not shrink, wrinkle or curl paper. Acid-free.

	SIZE	
#148	4 oz / 118 ML	Brush-in-Cap Jar Rubber Cement
#150	8 oz / 236 ML	Brush-in-Cap Jar Rubber Cement
#141	16 oz / 473 ML	Can Rubber Cement
#142	32 oz / 946 ML	Can Rubber Cement
#143	1 GAL / 3.78 L	Can Rubber Cement

3 BEST-TEST® ONE COAT RUBBER CEMENT

Best-Test® One Coat Rubber Cement is an excellent pressure-sensitive rubber cement that is developed for commercial and fine art applications. Best-Test One Coat holds artwork firmly in place while still allowing repositioning of elements quickly and cleanly. One Coat remains tacky when applied to one surface, allowing work to be repositioned many times while still remaining firmly in place. Acid-free.

	SIZE	
#439	8 oz / 236 ML	Brush-in-Cap One Coat Rubber Cement
#402	32 oz / 946 ML	Can One Coat Rubber Cement
#403	1 GAL / 3.78 L	Can One Coat Rubber Cement

BEST-TEST® ADHESIVE REMOVERS

4 BESTINE® SOLVENT AND THINNER

Originally formulated for the thinning and reducing of rubber cement, Bestine® Solvent & Thinner is also ideal for cleaning most surfaces. Bestine cleans up inks, spray adhesive and is an excellent parts cleaner. Over the years, Bestine has been trusted as a reliable choice for removing decals and labels from all types of surfaces, including most plastics. Acid-free.

NOTE: all sizes of Bestine are for artist use only; gallon size not for sale in California, Connecticut, Delaware, Maryland, New Hampshire, Utah, Rhode Island and Colorado.

	SIZE	
#201	16 oz / 473 ML	Can Bestine Solvent & Thinner
#202	32 oz / 946 ML	Can Bestine Solvent & Thinner
#203	1 GAL / 3.78 L	Can Bestine Solvent & Thinner

5 BEST-TEST® PIK-UP

For removing excess rubber cement from small areas and tight corners. May also be used to remove masking fluids. Made of natural, crepe rubber.
